

Phuket Solicitors

Looking at buying property in Phuket then speak to one of our expatriate solicitors in our Phuket office about your legal issues. Phuket is a wonderful place to retire and it has been known to be much cheaper than retiring in Spain. Phuket has a large expatriate community of British, American and Australians. Some do part time work while most have other activities to keep them occupied. Leasing property, buying property or getting married while in Phuket is very common and it is always best to speak to a solicitor before committing pen to paper. Speak to us today!

Our law firm specializes in Real Estate transactions (Thailand property purchase, leasehold, condominium, villas, project development & licensing), Immigration (Thai Immigration, Citizenship, Permanent Residence, and Thai Business, Marriage and Retirement Visa applications), Tax and Accounting service, Litigation Services (Civil, Commercial and Criminal) and Investigation Services (Personal and Corporate). Our UK and US Immigration specialists supervise and handle our Visa services. On the other hand, our licensed Thai lawyers and foreign attorneys and solicitors work together to offer sound legal advice and assistance with regard to Corporate & Investment Laws (including Foreign Business Law, Board of Investment & B.O.I, and Treaty of Amity).
